Chris is a Managing Director at Aon Cyber Solutions Asia, who leads the Proactive services and Adversary Attack Simulation teams, with over fifteen years' experience delivering cyber security assurance professional services to multiple enterprise clients (both private and public sectors) within the UK, Singapore and wider Asia Pacific region.

Chris holds the highly regarded Certified Information Systems Security Professional (CISSP), CREST Certified Simulated Attack Specialist (CCSAS) and CREST Certified Tester Infrastructure (CCT-INF) qualifications and has conducted numerous security assessments and penetration tests during his career, covering applications, mobile and infrastructure for UK government and multinational organisations.

Chris is also highly experienced in conducting Adversary Attack Simulation Exercises (also known as Red Team engagements) aligned to industry recognised standards such as the Association of Banks in Singapore (ABS) Red Team Guidelines, and under regulatory conditions, including the Bank of England CBEST scheme and Hong Kong Monetary Authority (HKMA) intelligence-led Cyber Attack Simulation Test (iCAST) framework.

Accreditation History:

- CISSP
- CREST Consultant (CCSAS)
- CREST Consultant (CCT Infrastructure)
- CREST Consultant (CCT Application)
- CESG CHECK Team Leader
